Product Description

Product Description:

The paper used in Hardcover Book Printing is Uncoated Wood Free Paper, which is known for its high quality and durability. This paper is perfect for books that need to stand the test of time and be resistant to wear and tear. The paper weight used in the printing process ranges from 80gsm-300gsm, which makes the book sturdy and robust.

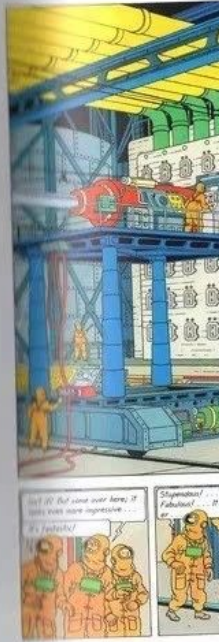

The Page Count of the book is Customized, which means that the number of pages in the book can be tailored to the customer's specific needs. This feature makes Hardcover Book Printing ideal for producing books of different lengths, such as short stories, novels, or even picture books.

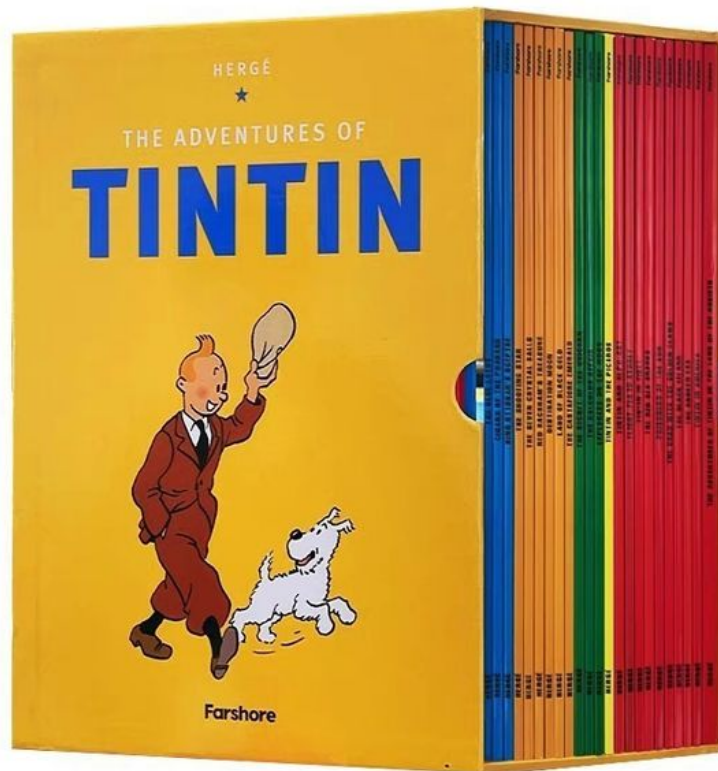

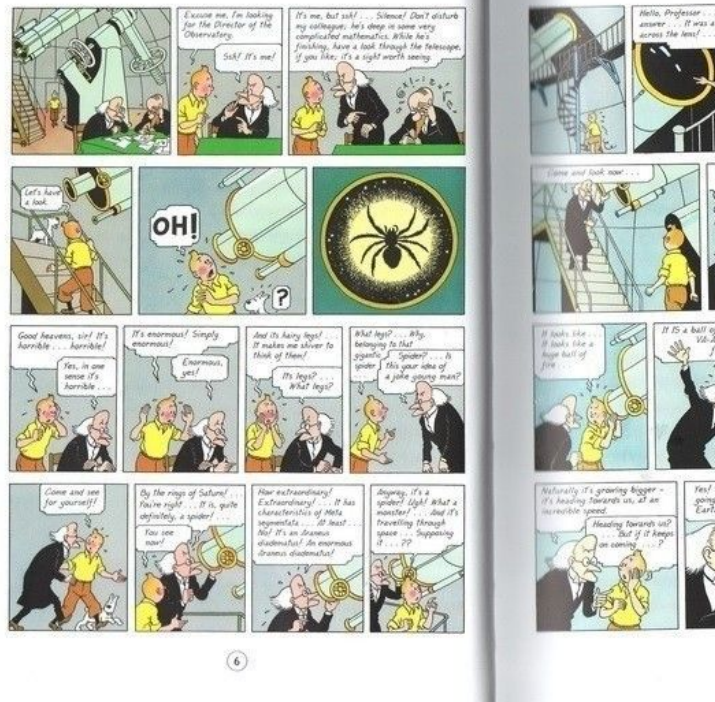

The Package Box for Hardcover Book Printing comes in a Book Box Style With LOGO Spot UV. The style of the package box is unique and stands out from other packaging options. The LOGO Spot UV feature adds a touch of elegance and sophistication to the packaging, making it perfect for gift-giving or display.

Hardcover Book Printing is a process that includes Round Spine+H/B Band. This process gives the book a professional and polished look. The Round Spine adds a smooth and seamless finish to the book, while the H/B Band adds a touch of class and refinement.

In conclusion, Hardcover Book Printing is an excellent printing service for those who want to produce high-quality, long-lasting books. Whether you need to produce Hardcover Children's Books, Customized Book Printing, or any other type of book, this printing service is perfect for you. With its Uncoated Wood Free Paper, Customized Page Count, Book Box Style With LOGO Spot UV, and Round Spine+H/B Band, Hardcover Book Printing is the ideal printing service for anyone who wants to produce a book that is both durable and elegant.
