## Product Description

### Product Description:

Our Paper Tube Packaging offers an exceptional solution for businesses seeking sustainable, versatile, and high-quality packaging options. Designed in a classic cylindrical shape, these tubes provide a sturdy and elegant container ideal for a wide range of products. Whether you need packaging for cosmetics, food items, promotional products, or specialty goods, our Cylinder Packaging Tubes deliver unmatched durability and aesthetic appeal, ensuring your products stand out on the shelf while being protected during transportation and storage.

One of the standout features of our Paper Tube Packaging is its adaptability. The size of each tube is fully customizable, allowing you to select dimensions that perfectly fit your product requirements. From small, compact tubes for delicate items to larger sizes for bulkier products, our packaging solutions can be tailored to meet diverse needs. This flexibility ensures that your packaging is not only functional but also optimized for brand presentation and consumer convenience.

We understand the importance of branding in today's competitive market, which is why we accept custom designs and offer the option to incorporate your own customized logo directly onto the Cardboard Cylinder Packaging. This customization capability empowers you to create packaging that reflects your brand identity, enhances product visibility, and fosters customer loyalty. Whether you prefer minimalist designs, vibrant colors, or intricate patterns, our printing technologies can bring your vision to life with precision and consistency.

Our Food Grade Tube Packaging is manufactured using high-quality, food-safe materials, making it an excellent choice for packaging edible products. This ensures that your food items remain fresh, uncontaminated, and compliant with health and safety standards. The cardboard construction not only provides a protective barrier against external elements but also aligns with environmentally conscious practices, as it is recyclable and biodegradable.

In terms of logistics, our Paper Tube Packaging is compatible with various shipment methods, including Less than Container Load (LCL), Full Container Load (FCL), express courier services, and air shipment. This wide range of shipping options enables you to efficiently manage your supply chain, whether you are shipping small quantities for urgent orders or large volumes for global distribution. Our packaging is designed to withstand the rigors of transportation, ensuring your products arrive in pristine condition.

Choosing our Cylinder Packaging Tubes means investing in a packaging solution that combines practicality, sustainability, and brand enhancement. The cylindrical shape provides a unique and attractive alternative to traditional box packaging, offering a tactile and visual experience that appeals to consumers. Additionally, the robust cardboard material ensures structural integrity, protecting your products from damage while reducing waste through eco-friendly materials.

In summary, our Paper Tube Packaging is an ideal choice for businesses looking to elevate their product presentation with customizable, food-grade, and environmentally responsible packaging. The Cardboard Cylinder Packaging design offers versatility in size and customization, including the option to add your unique logo and design elements. Supported by flexible shipment options such as LCL, FCL, express, and air shipment, you can confidently distribute your products worldwide. Embrace the benefits of our Cylinder Packaging Tubes to create memorable unboxing experiences and reinforce your commitment to quality and sustainability.

**Applications:**

The Ilr Paper Tube Packaging, model number 1123585212, is an excellent choice for a wide range of product application occasions and scenarios. Originating from China, these eco friendly paper tube packaging solutions are designed to meet the growing demand for sustainable and cost-effective packaging options. With a minimum order quantity of 500pcs and a competitive price range of \$0.28 to \$0.95 per unit, these packaging tubes offer great value for businesses looking to enhance their product presentation while being environmentally responsible.

One of the primary application scenarios for Ilr’s cylinder packaging tubes is in the cosmetic industry. Cosmetic paper tube packaging is

ideal for products such as lip balms, creams, serums, and other beauty essentials. The customizable size and finishing options allow brands to create unique, visually appealing packaging that reflects their identity and attracts consumers. Additionally, the ability to print customized logos further enhances brand recognition and marketing effectiveness.

Beyond cosmetics, these paper tube packaging solutions are highly versatile and suitable for various other industries. They can be used for packaging food items like tea, spices, or confectionery, as well as for promotional gifts, candles, or specialty goods. The sturdy carton pack ensures secure delivery, and the supply ability of up to 90 billion units per month guarantees that large orders can be fulfilled promptly within a delivery time of 10-20 days. Payment terms are flexible with a 50% deposit upfront and the remaining 50% due before shipment, making transactions smooth and reliable.

Shipment options including LCL, FCL, express, and air shipment provide flexibility to meet diverse logistics needs. The Ilr paper tubes' customizable size, eco-friendly materials, and cost-effective pricing make them an excellent packaging solution for businesses aiming to reduce their environmental footprint while maintaining high-quality presentation. Whether for cosmetics, gourmet products, or unique promotional items, these cylinder packaging tubes offer both functionality and aesthetic appeal, making them suitable for a wide array of product application occasions and scenarios.

## Customization:

Our Paper Tube Packaging product, model number 1123585212, under the trusted brand Ilr, offers exceptional customization services to meet your specific needs. Originating from China, this cylindrical packaging solution is perfect for a variety of applications including Cosmetic Packaging Tube and Food Grade Tube Packaging, ensuring safety and quality for your products.

We accept custom designs and surface finishes, allowing you to personalize your Cylinder Paper Tube Packaging to perfectly match your brand identity. Choose from surface treatments such as Matt Lamination and Foil Stamp to enhance the visual appeal and tactile experience of your packaging.

With a minimum order quantity of 500pcs and a competitive price range of \$0.28 to \$0.95 per piece, our packaging tubes are packed securely in cartons to ensure safe delivery. We guarantee a swift delivery time of 10-20 days, supported by a robust supply ability of up to 90 billion units per month.

Our payment terms include a 50% deposit with the remaining 50% to be paid before shipment, providing a flexible and secure transaction process. Trust Ilr for customizable, high-quality Paper Tube Packaging that elevates your product presentation and meets your exact specifications.

## Support and Services:

Our Paper Tube Packaging product is designed to provide durable and eco-friendly packaging solutions for a variety of applications. For technical support, please ensure that the tubes are stored in a cool, dry place to maintain their structural integrity. Avoid exposure to excessive moisture or direct sunlight for prolonged periods.

If you experience any issues with the product, such as deformation or damage during shipping, please inspect the packaging upon receipt and handle with care to prevent further damage. Our tubes are made from high-quality kraft paper and are suitable for packaging posters, blueprints, textiles, and other rolled materials.

For custom size or strength requirements, please refer to the product specifications provided at the time of purchase. We recommend verifying the dimensions and weight capacity to ensure compatibility with your packaging needs.

Maintenance of the tubes is minimal; however, if you plan to reuse the tubes, inspect them for any signs of wear or damage before use. Proper sealing with end caps is advised to protect contents during transit.

For additional services such as custom printing, labeling, or bulk orders, please consult our product catalog or service team to tailor the packaging solution to your requirements.

## Packing and Shipping:

Our paper tube packaging is carefully crafted to ensure the safety and integrity of your products during transit. Each tube is made from high-quality, durable paperboard that provides excellent protection against crushing and impact.

For shipping, the paper tubes are securely sealed with protective end caps to prevent damage and contamination. We also offer customized labeling and branding options to enhance your product presentation.

To further safeguard the tubes, they are packed in sturdy cartons with adequate cushioning materials, ensuring they arrive at their destination in perfect condition. Our reliable shipping partners guarantee timely and secure delivery worldwide.
