## Product Description

### Product Description:

The Cosmetic Paper Tube is an innovative and environmentally friendly packaging solution designed to meet the growing demand for sustainable and customizable packaging options in the beauty and personal care industry. Manufactured with high-quality materials, this Cylinder Paper Tube Packaging offers durability, elegance, and functionality, making it an ideal choice for a wide range of cosmetic products such as creams, lotions, balms, and serums.

One of the standout features of our Cylinder Paper Tube Packaging is the ability to customize the design according to your brand's specific requirements. We accept custom designs, allowing you to create a unique and eye-catching appearance that reflects your brand identity perfectly. Whether you want to incorporate intricate patterns, bold colors, or minimalist aesthetics, our expert design team can help bring your vision to life. This customization capability extends to the size, shape, and artwork of the tubes, ensuring that each packaging piece aligns seamlessly with your product line.

Customization goes beyond just the design. We also accept customized finishing options to enhance the look and feel of the Cosmetic Paper Tube. Surface treatments such as matt lamination and foil stamping are available to provide a premium touch and added protection to the packaging. Matt lamination offers a smooth, non-glossy finish that exudes sophistication and reduces glare, making the printed graphics stand out. Foil stamping adds a metallic sheen that highlights logos, brand names, or decorative elements, giving the packaging a luxurious and high-end appearance. These finishing options not only elevate the visual appeal but also improve the durability and resistance of the packaging against wear and tear.

Our Cylinder Paper Tube Packaging is also highly versatile when it comes to branding, as we accept customized logos. This means you can prominently display your brand logo in a way that enhances brand recognition and creates a lasting impression on consumers.

Whether your logo requires simple printing or elaborate embellishments, we can accommodate your needs to ensure that your packaging aligns perfectly with your marketing strategy.

Logistics and shipment are critical aspects of delivering your products efficiently, and we offer multiple shipment options to suit your requirements. Whether you need Less than Container Load (LCL), Full Container Load (FCL), express courier services, or air shipment, we have the capabilities to ensure timely and secure delivery of your Cylinder Paper Tube Packaging. This flexibility in shipping options allows you to manage your supply chain effectively, whether you are distributing locally or internationally.

The Cylinder Paper Tube Packaging is not only aesthetically pleasing but also environmentally responsible. Made primarily from recyclable paper materials, it contributes to reducing plastic waste and supports eco-friendly packaging initiatives. By choosing this packaging solution, brands demonstrate their commitment to sustainability, which is increasingly valued by consumers worldwide.

In summary, our Cosmetic Paper Tube offers a comprehensive packaging solution that combines customization, quality finishes, and versatile shipment options. Accepting custom logos, designs, and finishing treatments such as matt lamination and foil stamping, this packaging product ensures that your cosmetic items are presented in an attractive and professional manner. With options for LCL, FCL, express, and air shipment, we provide a seamless supply chain experience. Choose our Cylinder Paper Tube Packaging to elevate your brand image while embracing sustainable packaging practices.

**Applications:**

The Ilr Paper Tube Packaging, model number 1123585212, is an excellent solution for a wide range of product packaging needs.-----

Originating from China, this cost-effective packaging option is designed in a cylindrical shape and offers customizable sizes to perfectly fit your product requirements. Whether you are in the cosmetics industry or looking for a sustainable alternative to traditional packaging, these cardboard cylinder tubes provide a sturdy and attractive option.

One of the most popular application occasions for the Ilr Paper Tube Packaging is in cosmetic tube packaging. These cardboard paper tubes are ideal for packaging beauty products such as creams, lotions, balms, and other cosmetic items, providing both protection and a

premium look. The customizable finishing options allow brands to add unique designs, logos, or special textures, making it easier to align with brand identity and attract customers.

In addition to cosmetics, these cardboard cylinder tubes are also widely used in packaging for gifts, specialty foods, candles, and even industrial products. Their robust construction ensures that delicate items are well-protected during transit, while the carton pack packaging detail guarantees safe delivery. With a minimum order quantity of 500pcs and a price range of \$0.28 to \$0.95 per piece, businesses can benefit from an affordable yet high-quality packaging solution. The supply ability of 90 billion pieces per month ensures that Ilr can meet large-scale demands efficiently.

These paper tube packaging products are suitable for various shipment methods including LCL, FCL, Express, and Air Shipment, making them versatile for both local and international distribution. Delivery time ranges between 10 to 20 days, providing a balance between speed and quality assurance. Payment terms require a 50% deposit with the remaining 50% payable before shipment, facilitating secure and straightforward transactions.

Overall, the Ilr Cardboard Paper Tube packaging is perfect for companies seeking sustainable, customizable, and cost-effective packaging solutions. Whether used as cosmetic tube packaging or for other applications, these cardboard cylinder tubes enhance product presentation while offering excellent protection and eco-friendly benefits.

## Customization:

Our Ilr Paper Tube Packaging offers exceptional product customization services for Cosmetic Paper Tube needs. Model Number 1123585212 is designed with a cylindrical shape and fully customizable size, surface, and design to meet your unique requirements. We accept custom logos and provide Custom Printed Paper Tubes to enhance your brand identity. Whether you need Cosmetic Paper Tube Packaging for skincare, makeup, or other cosmetic products, we accommodate your specifications with precision. Originating from China, we ensure high-quality packaging solutions with a minimum order quantity of 500pcs. Prices range from \$0.28 to \$0.95 per piece, packed securely in carton packs for safe delivery.

With a supply ability of up to 90 billion units per month, we guarantee fast delivery times of 10-20 days. Our payment terms require a 50% deposit upfront and the remaining 50% before shipment.

Choose Ilr for reliable, customizable Cosmetic Paper Tube Packaging and Custom Printed Paper Tubes tailored specifically for your brand and product needs.

## Support and Services:

Our Paper Tube Packaging product is designed to provide durable and eco-friendly packaging solutions for a variety of industries. For technical support, we offer comprehensive assistance to ensure optimal performance and satisfaction with our product. Services include troubleshooting guidance, usage instructions, and maintenance tips to help extend the life and functionality of the paper tubes. Our support team is equipped to handle inquiries related to product specifications, customization options, and compatibility with different packaging needs.

Additionally, we provide after-sales services such as replacement policies and warranty information to guarantee the quality and reliability of our Paper Tube Packaging. For bulk orders or special requirements, consult our technical documentation or service representatives for tailored solutions.

We are committed to continuous improvement and customer satisfaction, offering regular updates and enhancements based on user feedback and industry advancements.

## Packing and Shipping:

Our paper tube packaging is carefully crafted to ensure maximum protection and durability during shipping. Each tube is made from high-quality, eco-friendly materials that are both sturdy and lightweight, making them ideal for a variety of products.

For packaging, products are securely placed inside the paper tube, which is then sealed with either a paper or plastic cap to prevent any damage or contamination. Additional cushioning materials can be added inside the tube if necessary to safeguard fragile items.

When it comes to shipping, the paper tubes are bundled and packed into larger cartons with adequate padding to avoid movement and impact. Our packaging process complies with international shipping standards to ensure that your products arrive safely and in excellent condition.

We also offer customizable printing options on the paper tubes to enhance brand visibility and provide a professional appearance. Whether you need small or bulk orders, our packaging and shipping solutions are designed to meet your needs efficiently and sustainably.
